

Jack Johnson Arrives and Still Wears That Confident Smile; Big Crowd Sees Him.

# JOHNSON SEES AN EXHIBITION

Appears at Salt Lake Theater in Presence of Two Thousand Fight Fans.

WORLD'S CHAMPION SHOWS HE IS IN GOOD SHAPE

Makes Speech and Tells People He Is Confident of Victory.

Jack Johnson, heavyweight champion pugilist of the world, appeared at the Salt Lake Theater, Monday evening, before a packed house and was given a hearty welcome as he stepped into the ring, where he sparred with Joe Wolfcott and Marie Cutler. If Johnson had a life of dissipation, as many reports would have people believe, his present form would belie that fact. While Johnson is a trifle fat, which is natural to all athletes after a rest from training, one glance at the big human fighting machine must at once convince a critical observer that he is in good physical condition. That he has an unlimited amount of power and energy stored in his massive shoulders can be seen at a glance, although his legs would create an impression of weakness, but our greatest fighters have had small legs and large upper bodies.

Johnson's sparring partners were not good enough to make the champion show what he can do in the ring. Johnson took on Joe Wolfcott for two two-minute rounds, but Wolfcott could not reach his adversary at any stage of the game. Johnson showed that he was quick as a flash and a perfect boxer. Wolfcott is a negro, and reported to be a "tough" customer, but he has little business with the champion in the ring. Marie Cutler tried his hardest to land a clean blow on Johnson in the two rounds sparring, but he was also lost in the shuffle. The men used big gloves and Johnson had his hands carefully taped, taking no chances whatever in injuring his hands before his fight with Jeffries, July 4.

## Johnson Confident.

After the exhibition, the crowd yelled for a speech and Johnson delivered the same, and it was the opinion of many present that Johnson was not only a minister instead of a fighter. He told the people present that he had signed articles to fight in Salt Lake City, and was sure that the battle had been selected to California, through no fault of his. He said that Jeffries was the greatest fighter in the history, and he was proud to fight him. He said that he was determined to enter the ring in the best of condition, and that he would uphold his end of the battle.

## Has Not Trained.

When seen in his dressing room Jack Johnson said that he had not lifted his hand in training for a single minute, would not commence work for the fight until the first week in May. He has made arrangements to train at Seal Rocks, Oregon Beach, just out of San Francisco, and he expected to surround himself with the best talent he could secure. Tommy Ryan and Sam McKenzie, who are among his prominent sparring partners.

Johnson also said that he will enter the ring at his best in the fight, and that owing to his great size, he did not reach maturity until he was 28 years old. He said that while most fighters have their best days before 20, he was, instead, just beginning his best career and he considers this a big advantage over Jeffries, whom he figures to meet at the age where he can fight champions.

Young Erlenbush and Jack Downey amused the people with several rounds of sparring and boxing. Erlenbush showed good form and he will be able to make it interesting for Sinclair next Thursday night at Ogden.

Frankie Ernie and Harley Ross boxed four rounds to a draw.

The match between Mickie Sullivan and Ed Forbes was the best of the preliminaries.

Jack Johnson was met at the Oregon Short Line depot by a large crowd, and it was almost impossible for Johnson to reach his automobile. On the way through the depot yard Johnson shook hands with everybody in reach and he received a great ovation from the fans present. He was immediately taken to his new hotel, where he will remain while in the city.

Manager George Little and wife, Dave Mills, Ernest Perry, Signer and wife, Cotton and Marie Cutler were the other members of the party.

Manager Little said that he was confident that Johnson would defeat Jeffries. After the battle it was Little's intention to make a tour of the world, giving boxing exhibitions and meeting champions, and at the end Johnson would retire with the belt. Little also says that Ed Wolgast and Battling Nelson will probably meet in San Francisco July 2. Little saw Wolgast before leaving Chicago and the light weight champion said that he had been offered a large sum of money to meet Nelson and he would probably accept the offer.

Jack Johnson will leave this afternoon at 3 o'clock for San Francisco.

Jack Johnson, who has not seen the Wolgast-Nelson fight pictures as yet, has consented to attend the matinee at the Rialto theater today. Johnson said that this was the first chance he has had to see the pictures, and he has been anxious to see them to learn how Wolgast managed to put Nelson to the bat.

## PRINCE WILL BUILD TRACK

Half Mile Motorcycle Track to Be Erected in City Limits.

CAN SPEED ONE HUNDRED MILES ON THE SAUCER

Two Million Feet of Lumber Ordered and Eight Ton of Spikes.

Jack Prince, who is known from one end of the world to the other, first as a bicycle rider and then as a track builder, arrived in the city Monday noon from Los Angeles for the purpose of erecting a suitable site upon which to build a half-mile motor track. This track is to be erected at a cost of \$100,000, and when finished will be one of the finest stadiums in the world. Motorcycle, automobile and bicycle races can be promoted. The track will have a pitch of the sea breeze, and will be turned into an athletic field. A first-class baseball ground will be laid out, polo grounds, tennis court, and other sports can be promoted at the stadium. It will also be adapted for outdoor shows.

Prince built the mile track at Los Angeles which has created interest all over the world in circular tracks, owing to the fast time made on the new track. Prince built a mile in 36 seconds, which was thought an absolute impossibility before the track has been built.

Prince said that he had not yet decided where the track should be located, but would select the site today. He said that the lumber had been ordered from Washington, while all other material would be purchased in this city. He said that he could build the track in one month, or thirty days.

## JEFFRIES TO STOP ALL HARD TRAINING

Choynski Says Former Champion Has Been Doing Too Much Work.

BEN LOMOND, Cal., April 25.—Following the suggestion of Joe Choynski, the new physical director at Camp Woodward, Jim Jeffries forsook the training curriculum today and, if he can be prevailed upon to accept the advice of his handlers, it will be several days before the gymnasium and the handball court see him again. The big fighter has been annoyed during the last few days by a large skin eruption in the small of his back, a condition diagnosed by Choynski as a serious disorder of the blood. It is the trainer's opinion that Jeffries has been working too ardently since he went into training and from now on the order of the labor will be regulated with great consistency.

Accompanied by Sam Berger, his manager, Farmer Burns, and a party of friends, Jeffries took an automobile trip to Santa Cruz this morning, where the former champion had a dip in the surf and enjoyed a hot salt water tub bath. A swift trip from the sea breeze, which was working too ardently since he went into training and from now on the order of the labor will be regulated with great consistency.
